1 EMPLOYEE ONBOARDING POLICY & PROCEDURE

1.1 PURPOSE

This onboarding policy ensures all new employees are trained, integrated, and prepared to perform their roles effectively while maintaining Dapper Detailing Pros' quality standards.

The objective is to create consistency in training, reduce errors, and ensure every team member understands expectations, processes, and responsibilities.

1.2 ONBOARDING OVERVIEW

The onboarding process is structured into three phases:

Phase	Focus
Phase 1	Orientation & Introduction
Phase 2	Training & Skill Development
Phase 3	Supervised Work & Evaluation

---

2 PHASE 1: ORIENTATION & INTRODUCTION (DAY 1)

2.1 Objective

Introduce the employee to the company, expectations, and basic workplace structure.

2.2 Process

The employee is welcomed and introduced to the team. A brief overview of the company, services, and quality standards is provided.

The following must be covered:

- Company values and work standards
- Overview of services (Interior, Exterior, Ceramic Coating)
- Workplace rules and safety expectations
- Work hours, attendance, and communication expectations

The employee should be shown: -

- Shop layout
- Equipment locations
- Cleaning materials and tools

---

3 PHASE 2: TRAINING & SKILL DEVELOPMENT

3.1 Objective

Train the employee on SOPs and proper detailing techniques.

3.2 Training Structure

Training is conducted using company SOPs and hands-on demonstration.

Area	Training Focus
Interior Detailing	Full SOP execution
Exterior Detailing	Wash, dry, and finishing techniques
Add-ons	Pet hair, salt removal, etc.
Ceramic Coating	Prep awareness and basic application support

3.3 Training Method

Training must follow this sequence:

1. Observation — Employee watches experienced technician
2. Assisted Work — Employee performs tasks with supervision
3. Independent Execution — Employee performs tasks independently

3.4 Key Training Rules

- Employees must follow SOPs exactly
- No shortcuts are allowed
- Questions must be asked if unsure
- Mistakes must be corrected immediately

---

4 PHASE 3: SUPERVISED WORK & EVALUATION

4.1 Objective

Ensure the employee can perform tasks independently while maintaining quality.

4.2 Process

The employee performs full detailing jobs under supervision. Work is reviewed after completion.

Evaluation is based on:

Criteria	Standard
Quality	No missed areas, no rework needed
Speed	Within standard time range
Process	SOP followed correctly
Attitude	Professional and team-oriented

4.3 Approval

The employee is approved for independent work only after meeting all standards.

If standards are not met, additional training is required.

---

5 WORKPLACE EXPECTATIONS

5.1 Conduct

- Maintain professionalism at all times
- Respect team members and customers
- Follow instructions from supervisors

5.2 Work Standards

- Follow SOPs strictly
- Maintain cleanliness of workspace
- Handle tools and equipment responsibly

5.3 Attendance

- Arrive on time
- Inform management in advance of any absence

---

6 SAFETY GUIDELINES

- Use equipment properly
- Avoid excessive water near electronics
- Handle chemicals according to instructions

- Report any hazards immediately

---

7 PERFORMANCE MONITORING

Employee performance is continuously monitored based on:

- Quality of work
- Speed and efficiency
- Consistency
- Team behavior

Feedback is provided regularly to ensure improvement.

---

8 TRAINING COMPLETION

An employee is considered fully onboarded when:

- All SOPs are understood and followed
- Work meets quality standards
- Tasks can be completed independently

---

9 POLICY ACKNOWLEDGMENT

All employees must acknowledge that they have read and understood this onboarding policy and agree to follow company procedures.
